National MS Society Walk MS 2010

move it.

Help Our Team Create a World Free of multiple sclerosis!

The number of people living with multiple sclerosis increases every hour of every day. This astonishing rate is not going to slow down, let alone stop, until we find a cure. Research has made some incredible advances recently, but the world can still only offer disease management drugs and therapies to the 400,000 people living with MS in the United States.

The Hope Mills Chamber has formed a team for Walk MS because the National Multiple Sclerosis Society funds more MS research than any other private organization. In addition to supporting studies which hope to reveal the cause and course of the disease, the National Multiple Sclerosis Society also provides much needed education, programs, and services to everyone who is affected by MS - including the diagnosed, their friends and families, and the healthcare professionals who work with them.

Join our team as a walker or a volunteer! Make a donation online! Send in a check! There are so many ways to make a difference in the fight against MS, and it all begins right here.
